Graduate or Professional

#### Notes:

- Unless otherwise noted, all data comes from the Census Bureau's 2022 American Community Survey (ACS), one year estimates, for the population 25 and older.
- Historical educational attainment comes from the Decennial Census for 1970-2000, and from the American Community Survey for 2010 and 2020 (five year estimates) and 2022 (one year estimates).
- "College" is defined as a bachelor's degree or higher from 1990 on, and as four or more years of schooling prior to 1990. "Some College" is defined as an associate's degree or some college with no degree from 1990 on, and as one to three years of college
- prior to 1990. Unemployment and labor force participation rates are calculated for ages 25-64.
- The race category "Other" includes American Indian and Alaska Native and "Some Other Race", when estimates are available.
- The map of educational attainment by county uses the 2022 5-year estimates from the ACS in order to reflect all counties.
- The bins for the map intervals reflect the quantile distribution for each geography.

Notes:

- Unless otherwise noted, all data comes from the Census Bureau's 2022 American Community Survey (ACS), one year estimates, for the population 25 and older.
- Historical educational attainment comes from the Decennial Census for 1970-2000, and from the American Community Survey for 2010 and 2020 (five year estimates) and 2022 (one year estimates).
- "College" is defined as a bachelor's degree or higher from 1990 on, and as four or more years of schooling prior to 1990. "Some College" is defined as an associate's degree or some college with no degree from 1990 on, and as one to three years of college prior to 1990.
- Unemployment and labor force participation rates are calculated for ages 25-64.
- The race category "Other" includes American Indian and Alaska Native and "Some Other Race", when estimates are available.
- The map of educational attainment by county uses the 2022 5-year estimates from the ACS in order to reflect all counties.
- The bins for the map intervals reflect the quantile distribution for each geography.
